

SULLA BENELLI

La Segreteria della C.G.I.L., di fronte alle notizie provenienti da più parti, e rese ufficiali da una specifica richiesta della "Benelli" al Comune di Fano, circa il trasferimento dello Stabilimento pesarese -notizie che hanno gettato il più vivo allarme fra le maestranze e l'opinione pubblica - precisa che:

- 1)- La C.G.I.L. si oppone al ventilato trasferimento consapevole che i problemi dello sviluppo economico e dell'occupazione non si risolvono nè per il Comune di Pesaro, nè per il Comune di Fano con queste misure che potrebbero creare soltanto acute tensioni sociali;
- 2)- più volte la C.G.I.L. ha affermato che il problema dell'occupazione può trovare le sue linee di sviluppo nell'ambito di una nuova politica economica, sia delle aziende a partecipazione statale attraverso il potenziamento dell'apparato industriale esistente, sia attraverso un intervento diretto dell'industria di Stato nelle Marche, regione estremamente depressa;
- 3)- se per la Benelli, come anche la C.G.I.L. è convinta, si pongono problemi di ampliamento, di potenziamento e di sviluppo, questo può venire in territorio pesarese nell'ambito del Piano Comprensoriale che ha già previsto l'area sufficiente per lo spostamento delle principali industrie dislocate nell'area cittadina;
- 4)- La C.G.I.L. respinge come assurda ogni pretesa di insediamenti industriali fatti a spese della collettività, i cui costi ricadrebbero ancora una volta sulle spalle delle classi lavoratrici;
- 5)- La C.G.I.L. riafferma con forza il principio che una fabbrica di quelle dimensioni e tradizioni è parte integrante del tessuto economico e sociale della Città di Pesaro.
